	TOKO SCHOOL STRATEGIC AND ANNUAL PLAN 2024  Vision Statement: Quality Learning for all in a Caring Community  This strategic plan has been crafted in consultation with the school community. The Board has prioritised its strategic goals that align with the National Education and Learning Priorities.					
Goals	For the tamariki of Toko School to develop a sense of hauora and personal identity	For the tamariki of Toko School to think deeply in different ways.	For the tamariki of Toko School to make a difference and give back			
Rationale	We want our tamariki to:  Show self awareness and self belief  Be proud of their own unique identity  Build and maintain healthy friendships  Regulate their emotions  Make healthy choices	We want our tamariki to:  Make connections and apply knowledge and strategies.  To consider perspectives, feelings, values and beliefs.  Make and justify opinions, judgements and decisions.  Solve problems Generate innovative ideas	We want our tamariki to:  Consider the world around them Find opportunities to contribute to the community  Use an inquiry process for project-based learning Understand the relationship between people and the environment Participate in our school enviro programme			
Initiatives: Strategies for achieving and making progress towards goals	<ol> <li>Continue to work with Te kahui Ako o Taranaki Mohoao to advance the Cultural Capacity and Wellbeing Achievement Challenges</li> <li>To actively participate in the Maori Achievement Collaborative (MAC)</li> <li>To increase understanding, knowledge and use of te reo ona tikanga Maori</li> </ol>	<ol> <li>Continue to work with Te Kahui Ako o Taranaki Mohoao to advance the Learner Agency within a localised curriculum Achievement Challenge.</li> <li>To look closely at how the children who are 'working towards' their curriculum level choose to learn. Gather student voice on how they think they are learning, and to look at our teaching strategies and how they can be adapted to meet the needs of these tamariki.</li> <li>As the national refresh progresses, align Toko's Local Curriculum (TLC) with it.</li> </ol>	<ol> <li>Continue to work within the Enviro Schools Kaupapa.</li> <li>To continue to use Nga Manu (Inquiry Process) to deepen play-based and project-based inquiry.</li> <li>Continue to develop and implement Toko's Local Curriculum (TLC) in particular, Akoranga.</li> </ol>			
Measures	Engagement of whanau Maori in school activities. NZCER Wellbeing Surveys.	Student voice surveys. Evidence in planning. Evidence via Inquiry Frameworks. Practice Analysis Conversations	Evidence in teacher planning and student output. Children can articulate and put into practice their learning about the environment in order to make a difference.			
High Level Success Outcomes	<ul> <li>Stronger relationships are formed with Ngati Maru and Ngati Ruanui through being actively engaged with Te Kahui Ako o Taranaki Mohoao.</li> <li>Our role in honouring te tiriti o Waitangi is clear.</li> <li>Increased use of and understanding of te reo me ona tikanga Maori by kaiako and akonga.</li> </ul>	<ul> <li>Staff have a shared understanding and commitment to learning focussed relationships.</li> <li>Tamariki learning within a localised context</li> <li>Our staff understand the refreshed curriculum and are ready for implementation in 2026.</li> </ul>	<ul> <li>Children have a deep understanding of local and global environmental issues.</li> <li>Play-based and project-based inquiries are authentic and driven by the children's understanding of their environment.</li> </ul>			
Practices	Niho Taniwha / Common Practice Model / Ka H	ikitia / Tataiako / MAC Book/ Guide for Universal Desigr	n for Learning / Learning Support Delivery Model			

### **Annual School Improvement Plan**

Strategic Goal 1: For the tamariki of Toko School to develop a sense of hauora and personal identity

Annual Improvement Goal:	Annual Improvement Target (Where do we want to be?):
To increase understanding, knowledge and use of te reo and tikanga Maori.	To deliver three hours of te reo to our tamariki in all akomanga (classrooms).

#### Baseline Data (Where are we now? What is the justification for this target?):

- Explore the use of the NZCER survey tool
- We would like our school to work towards level 4b Te reo status.

#### **Key Improvement Strategies:**

When:	What:	Who:	Indicators of Progress:		
All year	Staff/whanau to action and review Reo Maori strategy and how this connects with the Culturally Responsive Practices (CRP) Framework.	Staff Invite Whanau Group/BOT	<ul> <li>CRP Framework actions and review</li> <li>Reo Maori Strategy actions and review</li> <li>Termly meetings with Scott (MAC facilitator)</li> </ul>		

#### Te Reo Strategy

This has been shared with staff, Board and at a whanau hui in Term 2.

Meetings with Scott (MAC Facilitator)

Term 1 - added in new karakia to keep building on our knowledge. Scott went through plan and vision with staff. Next we need to look forward to 2025 goals and see where we can start building. Focus on building the tereo in the class and across the school and how this will look/sound.

Term 2 - Worked with staff on pepeha. We now need to make sure we are learning these and using them on a regular basis so they become automatic. We have also set up whakatau and powhiri so it can be managed by the students with support from the staff.

Term 3 - Attended hui at Ratapiko School - looked at meaning behind manaakitanga and koha (the giving back) which fits in with our Citizenship Star. Worked on creating a whakatau handout to give to new parents when they enroll their students which explains process etc

Term 4 - A hangi was planned for and implemented in term 4 led by Mikey ???one of the dads from school. .Scott worked with senior students going through pepeha and answering their questions. Scott and Megan had a look at our planning and teaching around the enviro area and how we could be bringing a maori perspective to it.

1 x workshop per term	Megan, Sasha & Kim to attend Cultural Capacity Leadership Hui - Te Kahui Ako o Taranaki Mohoao.	Megan Sasha Kim	New learnings, ideas shared and implemented back at school.  Increased confidence leading our Cultural
		Kim	<ul> <li>Increased confidence leading our Cultural Capacity journey</li> </ul>

Term 1 Stratford Primary School -We introduced morning routine using a google slide. Teachers have adapted this to suit their class and level. We now need to make sure this is happening consistently and we are building on our kupu and sentence structures.

Term 2 Avon School - We need a hangi. We need to find someone who can support us with this and guide us through this with the hopes of being able to set this up for us to run independently.

Term 4 - Hui a	an attended hui at Ratapiko school. Looking at manaakitanga and the M t Pembroke was attended by Megan. Lots of discussion around using th ound how we can educate the community about the Treaty issue.		
Ongoing	Wider use of Te Reo in the classroom with a focus on pronunciation	Staff	<ul> <li>Increased use of Te Reo</li> <li>Honest attempts at correct pronunciation - in particular focus on: Toko, Taranaki, House Colours, Taranaki place names</li> </ul>
introduce and	orking on their morning routines and te reo use throughout the day. So I practise their te reo. Leaders are being encouraged to pronounce hous g kapahaka sessions and assemblies. Kupu of the week/fortnight is beir I for students	se names corre	ectly in assemblies etc. The school song and waiata are being
Ongoing	Staff to engage with the MAC Kaupapa Kim, Megan, Sasha to attend the MAc Conference in Waitangi	Staff	<ul> <li>Termly meetings with Scott (MAC facilitator)</li> <li>Reo Maori Strategy actions and review</li> </ul>
make it self m	ked with all staff on their own personal pepeha. He has worked with Monanageable for the students. Scott has helped us to develop our Reo Strangeable for the students area. Suggestion of exprough the maori lens with a focus on the enviro area. Suggestion of ex	ategy action pl	lan. Check in with Scott about direction of our planning and

# **Annual School Improvement Plan**

**Strategic Goal 2:** For the tamariki of Toko School to think deeply in different ways.

### **Annual Goal:**

# Annual Improvement Target (Where do we want to be?):

To close the gap between children who are working towards their curriculum level and those that are working within or above their curriculum level.

To increase the number of children working within or above their curriculum level in Writing.

### Baseline Data (Where are we now? What is the justification for this target?):

- Identify priority learners - (29% of students need to make a shift or they will be 'working towards)

- Me and My School Survey to look for related trends
- Student voice + teacher voice
- Writing samples
- Learning Behaviour

### **Key Improvement Strategies:**

When:	What:	Who:	Indicators of Progress:
Term1 - Term 3	Practice Analysis Conversations PAC All staff will engage in this process to assist with next steps actions focused on Priority learners.	All teachers	<ul> <li>Students will be able to articulate what they are learning, the why and the how for their writing</li> <li>Staff make changes to practise based on feedback and feed forward from peers.</li> </ul>

Year 5 - 8 teachers have had PAC observations and have both made positive changes based on feedback and feedforward. DP conducted these observations. After the first observations in one of the rooms it was clear the students weren't sure what they were meant to be learning. After feedback and feedforward and using Clarity in the Classroom (text) the teacher made changes and after the last observation it was clear they had far more understanding of what they were learning and why. This is a work in progress and will continue next term.

Year 1 - 4 teachers worked alongside Helen Jenkins to observe teaching of target children and to plan next steps based on feedback and feedforward.

Ongoing throughout the year	Student Voice Surveys collected throughout the year.	Staff	<ul> <li>Learners can articulate the learning behaviours they are focusing on to assist with their learning progress.</li> </ul>
	Shelley to collect feedback focused on boys engagement, learning and wellbeing.	Shelley - Te Kahui Ako o Taranaki Mohoao WSL	

Staff collected student voice from their target students and from the class as a whole. Questions around what a good learner does or what a good learner looks like were put to the children. Then they were asked to talk about whether they were good learners and what they did or didn't do. Teachers use this to guide their next steps in their teaching. Children who are either just achieving or nearly achieving were surveyed. The responses suggested that the topic being written about made a big difference to children's engagement and enjoyment of writing. They wanted a mix of bookwork and online and wanted specific feedback on their next steps. Many children said they found writing tricky because there are so many things to think about at once.

This year we carried out the Me and My School Survey. We have sought further feedback from the tamariki about their responses and are in the process of summarising the results and putting an action plan in place for 2025.

Beg/Mid/End Year	Teacher Voice	Staff can articulate what part of the Learning Capability
	Ongoing reflection via the Teacher Capability	Framework they are focusing on and discuss what is
	Matrix	working and why and next step actions.

All staff have a goal based on one of the capabilities in the Framework. A target child is selected and the teacher makes changes to their own practice which then impacts the learner. Teachers are able to talk to their goals, and do so in Inquiry Meetings and at beginning, middle and end of year meetings.

New staff are directed to this Framework and it is discussed and used as a basis of professional growth during observations and team meetings.

Ongoing all year	Professional Development Curriculum Refresh Engage with the Readiness Tool to review and identify next steps.	<ul> <li>Schoolwide consistency and understanding of:         <ul> <li>student expectations at each curriculum level/progression.</li> <li>Student assessment.</li> </ul> </li> </ul>
	Writers Toolbox	

The Curriculum refresh is still an ongoing process due to the change in government and the changes they wish to make. The refreshed refresh came out a couple of weeks ago and is still in draft form. Staff have looked at the two phases available (Year 0 -3 and Year 4-6). At this stage Year 7-8 has not been released. Leadership is monitoring the directives and information that staff need to know, so as not to overwhelm them with irrelevant information. At the end of Term 1 we purchased The Writer's Toolbox. All staff had a full day PD with a representative from The Writer's Toolbox, then staff had a coaching session during the April holidays. Teachers then began to implement the Toolbox in classes in level appropriate ways. A writing sample was taken just before students/teachers began using the Toolbox and another one was completed at the end of Term 3. These samples didn't show the improvement we were hoping for, yet. However, we are seeing a large shift in engagement, especially with our boys as they enjoy the personal competitive side of it. We noticed the sentence run ons were an issue when we started, this is showing steady improvement. Whole school and class level indicators are provided every month. Data shows children are using the feedback option to correct and enhance their writing. Staff will have another coaching session next year. This will be tailored to our needs, allowing us to focus on next steps and building teacher capability. The aim is to use Writer's Toolbox to alongside the new English curriculum

Ongoing all year	Toko Local Curriculum (TLC)  To implement year 2 of our revised Akoranga Hohonui.  To continue to find ways to meaningfully integrate the curriculum	Teacher Planning which will show integration across the TLC including notes for review and reflection.
	integrate the curriculum.	

Staff are nearing the end of their second year working with our 2 yearly Akoranga document. During the year staff have shared their thoughts at a staff meeting, and it is clear from conversations that there is too much in the document and it isn't addressing our enviro ethos. Associate Principal and Principal had an initial meeting with a local Curriculum Lead Advisor to talk through what we have and how it could be made more manageable. The uncertainty around the curriculum changes and if 'local' curricula will still be a part of the new directives is yet to be seen. We are updating our environmental plans across the school and will begin to implement these in 2025.

#### Monitoring:

Our goal: To increase the number of children working within or above their curriculum level in writing:

How we are tracking:

Mid 2021 = 52% Mid 2022 = 68% Mid 2023 = 71% Mid 72%

End 2021 = 62% End 2022 = 74% End 2023 = 85% End 76%

Identify priority learners - 29% (26) of children need to make a shift or they will be 'working towards

At the end of 2024 15 out of 26 children had made enough progress to remain working within their curriculum level. This group will continue to be monitored.

#### Resources:

# **Annual School Improvement Plan**

**Strategic Goal 3:** For the tamariki of Toko School to make a difference and give back

Annual Goal: Annual Improvement Target (Where do we want to be?):

To understand what a good citizen is and make connections to our Learning Stars.

The tamariki will make a difference and give back.

#### **Baseline Data:**

Not many citizen stars are given out in assembly.

Tamariki find it hard to identify how to achieve the citizen star in their Star Challenge.

Staff feel there needs to be more emphasis on connecting our Toko Local Curriculum (TLC) to our learning stars.

# **Key Improvement Strategies:**

When:	What:	Who:	Indicators of Progress:
Ongoing	Regular staff meetings to share how we are planning and incorporating this into our TLC.	Teachers	<ul> <li>Teacher Planning which will show integration across the TLC.</li> <li>Classrooms discussions</li> <li>Classroom planned actions</li> <li>Teachers will ensure tamariki will have opportunities to give back and make a difference.</li> </ul>
	Tamariki will be able to plan, implement and share examples of making a difference and giving back.		<ul> <li>Tamariki will have a deeper knowledge of what it means to be a good citizen.</li> <li>Tamariki will be able share examples of how they have given back and made a difference</li> <li>Tamariki will be able to connect this to the Citizenship Learning Star.</li> </ul>

Across the school the following has occurred:

• Completed a proposal unpacking relay for life relating to giving back to the community, giving up lunchtimes (proactive and persistent). Build a business (resourceful).

- Students were also involved in the decisions made around the profit for build a business relating to giving back and encouraged donations that continue to give back for years to come (daffodils). Giving back to the students of the school (vices) and food for the hangi bringing the community together manaakitanga.
- Lots of discussion around buddy reading and how to be a supportive buddy (tuakana/teina)
- Unpacking of the citizenship star in relation to te whare tapa wha linking to taha wairua and looking into who am I culture?
- Leadership team unpacking leadership qualities.
- Universe inquiry following the 3 thinks inquiry process.
- Learning about rubbish and recycling and looking after our planet and doing our bit visit to waste hub and connections with New Plymouth Council
- Class recycling started up again some recycling plastics and cardboard
- Enviro learning around bees, chickens and gardening.
- Talked with class about worms and why we have them and what happens with their castings and worm pee and how this can be used around the school gardens
- Planting of lettuce, potatoes etc that can be used to feed worms or for school lunches, potatoes for hangi
- What is a Good Sort looking at a new good sort each week, discussed what they were doing and how we could learn from them and implement their ideas at our school/community. We linked this into goal setting for our week ahead and reflections at end of the week. We also linked this into the nominations we do each day.
